Present Address: -
Laxmi Narasimha PG 1st Cross Garebhavepalya-Bangalore

Profile Summary:

As a Senior MIS Executive and Data Analyst with 7+ years of experience in reporting, data analysis, and performance management across healthcare, manufacturing, and BPO sectors, including tenure at Apollo Hospitals. Expertise in managing large-scale inbound and outbound campaign reports, NPS analysis, agent performance metrics (AHT, SLA, Shrinkage, Occupancy), and incentive processing.

Skilled in Advanced Excel, Power BI, SQL (Basics), VBA & Macros, and Google Sheets, with strong experience in dashboard creation, data cleaning, automation, and insight generation for senior management (AGM/GM level). Successfully handled 45+ reports, supervised MIS executives, and delivered Advanced Excel training sessions.

Strong analytical mindset with proven ability to identify business insights, improve reporting accuracy, meet strict deadlines, and support data-driven decision-making.

Professional Experience:

- **Senior MIS Executive** – Apollo Hospitals *May 2022 – 15 December 2025-**MNC***
- **Senior MIS & Data Analyst** – Kundana Techno Tex Pvt Ltd *December 2019 – February 2022-**Domestic***
- **IDSS (Intra Grade System Specialist)** – Wella Professionals *September 2015 – October 2019-**MNC***
- **Business Analyst** – Graphix Solution India Pvt Ltd *August 2013 – August 2015-**MNC***

Apollo Hospital Pvt Ltd Roles and Responsibilities:

- Developed interactive Power BI dashboards for Inbound, Outbound, NPS, SLA, AHT, Shrinkage, and Occupancy performance tracking.
- Created dynamic KPI dashboards for management review with drill-down and drill-through functionality.
- Designed data models by establishing relationships between multiple tables for accurate reporting.
- Wrote DAX measures for YoY Growth %, MTD, QTD, YTD calculations, and performance comparisons.
- Implemented calculated columns and measures using advanced DAX formulas.
- Connected Power BI to multiple data sources including Excel, SQL databases, and web portal data dumps.
- Automated report refresh processes to reduce manual reporting efforts.
- Built campaign-wise and agent-wise performance dashboards for data-driven decision-making.
- Applied data cleaning and transformation using Power Query (ETL process).
- Created slicers, filters, bookmarks, and custom visuals for enhanced user experience.
- Shared reports via Power BI Service and managed role-based access where required.
- Improved reporting efficiency and reduced manual work by designing automated BI solutions.
- Managed monthly incentive file processing and ensured timely submission to clients as per fixed timelines.
- Published daily appointment-booked cases on WhatsApp groups and shared detailed reports via email with attachments.
- Prepared and submitted Yearly, Quarterly, Monthly, and Daily Inbound & Outbound call reports to AGM and GM.
- Prepared quarterly lists of bottom performers and shared them with AGM for necessary action.
- Uploaded raw data dumps to the web portal for automated daily report generation.

- Maintained master files for all reports separately for tracking and record-keeping.
- Managed and monitored agents' attendance records.
- Managed Outbound Summary Reports for approximately 6 campaigns (Daily/Monthly/Quarterly/Yearly).
- Prepared and maintained Overtime (OT) reports.
- Created and presented monthly PPT reports for management review.
- Tracked and monitored system breakdown times.
- Managed NPS reports for both NCC and Non-NCC campaigns, including agent-level analysis.
- Performed agent data analysis and generated performance reports including AHT, Shrinkage, Occupancy, and SLA reports.
- Prepared RM performance reports.
- Generated attrition reports and rejected appointment reports.
- Identified key data insights and proactively shared findings with concerned stakeholders, marking AGM for visibility.
- Managed a total of 45 reports and supervised 2 MIS executives.
- Conducted official Advanced Excel online training sessions for selected employees.

Kundana Techno Tex Pvt. Ltd Roles and Responsibilities:

- Preparing roster flowcharts, sales dashboards, and managing document collection.
- Handling team operations – work allocation, supervision, cross-verification, and finalization of tasks.
- Managing PET bottle wastage reports and maintaining related records.
- Posting daily production entries in the ERP system.
- Creating weekly, monthly, and quarterly sales presentations (PPTs).
- Collecting, downloading, and formatting data from multiple sources using Microsoft Excel.
- Cleaning datasets by removing duplicates with Excel tools and formulas.
  Preparing and analyzing multiple reports using formulas, pivot tables, pivot charts, and advanced Excel functions for data accuracy.
- Interacting directly with clients through scheduled daily/weekly business conversations via email.
  Ensuring timely preparation and submission of daily, weekly, and monthly MIS reports in line with project requirements.
- Coordinating with the accounts team for circulars and payment-related activities.
- Preparing Excel-based reports and generating weekly/monthly reports for management review.
- Drafting and maintaining documentation in MS Word.
- Collecting, storing, and reproducing data in desired formats for management and floor-level reporting.
  Developing ad-hoc reports to support decision-making, process improvements, and outlier identification.
- Preparing stack and incentive reports on a monthly basis.
- Meeting deadlines effectively based on management requirements.
- Preparing employee commission statements and circulating them via email.
